

WESTON® Pro Series Meat Grinder, #22

Powerful and Efficient - Designed for durability and speed, this heavy-duty meat grinder will process 14 pounds of meat per minute. Grind large batches of meat for a variety of uses such as fresh handcrafted burgers, chili, meatloaf, or sausage. The Weston Pro Series Meat Grinder is ideal for hunters, farmers, small retail butchers and anyone with a self-sustaining approach to food.

Seamless Operation - A commercial grade meat grinder featuring an air cooled 1.5 horsepower motor and permanently lubricated parts so it can grind large volumes of meat without stopping. Forward and reverse functionality ensure efficient processing while preventing jamming.

Make Homemade Sausage and Snacks - The Weston Pro series Meat Grinder comes with a sausage stuffing kit and four funnels so you can make snack sticks, pepperoni, sausages and lunch meats.

Included Accessories - Included with the meat grinder are two stainless steel grinding plates (4.5 mm and 7 mm), a built-in knife sharpener, grinding knife, stomper and sausage stuffer kit that all fit nicely in the included storage tray.
